

# WEE KNOW SCHOOL

Each April, Early Childhood providers nationwide celebrate “*Week of the Young Child*”. This week gives us all an opportunity to reflect on our responsibilities and the importance of promoting positive early learning experiences to children at home, school, and in our community. It is a time to recognize Early Childhood teachers and other professionals who provide programs and services to children during these key years of development. We’ll celebrate each day this week (listed below) with special “all school” activities.

## “WEEK OF THE YOUNG CHILD”

APRIL 8-12, 2024

- \* **Monday**                    **Masterpiece Monday:** Children will create a collaborative piece with a special guest artist.
- \* **Tuesday**                   **Tasty Tuesday:** We will make Graham cracker fruit pizzas.
- \* **Wednesday**              **Get Out & Play: 10-11:30am** Wear your Wee Know shirt today!
- \* **Thursday**                   **“Wildlife In Need”:** Will visit our school with some special visitors.
- \* **Friday**                      **Pajama Day:** Come in your favorite PJs, slippers, and bring a stuffed animal.

## BLUEBIRD NEWS

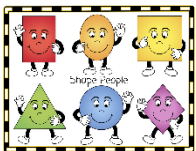

from Mrs. S. & Ms. Heather

March was an exciting month starting with celebrating Dr. Seuss and learning about rhyming words. We then moved into a popular theme of dinosaurs! We had a lot of curiosity about these animals and learned more about them through books like My Big Dinosaur Book. The Bluebirds had a lot of excitement over the Planetarium field trip, St. Patrick’s Day and Easter! We are looking forward to a new month with lots of signs of Spring.

### APRIL HAPPENINGS

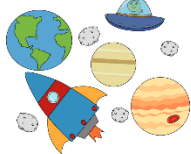

April 1-5

#### **Colors & Shapes “Ss”**

We are going to spend this week focusing on all the colors and shapes we have learned this year! We will read popular books including Mouse Paint and create colorful art out of a variety of shapes.

April 8-12

#### **Planets “Tt”**

This week will start with a solar eclipse on Monday afternoon! We will learn what an eclipse is, and make solar eclipse art. The Bluebirds will also talk about stars and planets with the help of books like Solar System and “The Planets” song.

April 15-19

#### **Pets “Uu”**

What kinds of animals make good pets? This will be a topic of conversation at circle time this week! Children will share if they have pets and how they care for them. They will learn more through “play” in our classroom “Vet’s Office” and during circle time discussions.

April 22-26

#### **Clouds & Rain “Vv”**

April showers bring May flowers! Some fun science experiments centered around clouds and rain will be happening in the Bluebird class this week. We will also sing songs like “Rain, Rain, Go Away” and make cloud and rain drop art.

April 29-May 3

**Flowers “Ww”**

With rain comes flowers! We will explore how flowers grow, read The Tiny Seed, and plant some of our own flowers! The Bluebirds will also enjoy creating art using REAL flowers!

**PARENT/TEACHER CONFERENCES**

Conferences for the Bluebird class will be held Thursday, May 16<sup>th</sup>. There will be a sign-up genius emailed for conferences in late April. Conferences will be offered to meet in person, will last about 15 minutes and are **optional**. We will provide a written evaluation for all children, whether a parent elects to attend a conference or not. Please see Mrs. S if you need a special time or date. We will have class as usual on this day.
